

Linear72

Electric Fireplace

The Linear72 electric fireplace gives you the look you love, without any fuss. Get the warmth and ambience of a real fire, in any space. Installation is easy, there's no maintenance, and it's safe to touch.

Output
1.6kW

Glass Size
1750W x 300H

Simply Beautiful

Clean lines give this electric fire a sleek simplicity that works with any interior style. The design is seamless, with no visible details taking away from the beauty of flames.

Full Control

The Linear72 gives you full control of the LED lighting, fuelbed, flame and heat output. Change your settings on the remote control or touch panel control.
