

DF700

SINGLE SIDED GAS FIREPLACE

With its smaller dimensions, flexible flues, and a wider range of surround options to choose from, the retrofittable Escea DF700 Gas Fireplace is perfect for replacing traditional open-fronted fireplaces, or as a classic addition to a modern home.

With Escea's new Bead Burner technology and latest Splitwood fuelbed, be captivated by softer, richer flames with lifelike embers and large logs that mimic the nature of a real fireplace burning.

This fire's Direct Vent Power Flues and Zero Clearance innovation gives you greater design freedom than ever before, delivering a complete symphony of fire.
